Dear Dr. Schultz,

On behalf of the Harvard Business School Club of Connecticut, I would like to express our gratitude for your phenomenal presentation to our Club about the past, present, and future of fiber optics. I know I speak for everyone when I say that your career is an inspiration to us all and that we are extremely grateful for the contributions you have made. Please feel free to share this letter and my contact information with anyone who is considering inviting you as a speaker because I can confidently and unequivocally state that in the more than ten years I have been planning events for the Club, I have never seen a more enthusiastic and engaged audience. We wish you all the best and hope you stay in touch!

Sincerely,
